Barovier&Toso®

2016

Innovare, reinventare, aggiornare. Il nuovo è il tiranno di ogni azienda. Anche chi produce forme al confine con l'arte deve saper leggere e interpretare nel proprio tempo sintomi e orizzonti del mutamento. E la longevità di Barovier&Toso ne è l'emblema.

Dal 1295, anno in cui la famiglia Barovier inizia la sua avventura millenaria nel mondo del vetro, la tradizione vetraria non ha mai visto eclissarsi l'inventiva, la ricerca e la creatività di venti generazioni di maestri, designer e imprenditori che ne hanno fatto la storia. Una tradizione che per Barovier&Toso non è vincolo ma punto di partenza per proporre idee, soluzioni, progetti innovativi ed originali che hanno consentito di tramandare lungo i secoli i valori della famiglia dei fondatori. La creatività come passione, ma anche come capitale d'impresa: una creatività applicata che si misura con la tecnica e con il mercato, sempre più vasto e variegato, e che si realizza nelle soluzioni di illuminazione che Barovier&Toso rende personali e uniche, destinate non solo ad arredare gli ambienti ma anche a creare emozioni, trasmettere positività, rendere unici gli spazi.

To innovate, re-invent and upgrade. Innovation is the veritable tyrant for every enterprise. Even those creating shapes that border on art must be able to read and interpret, within their own times, the symptoms and horizons of change. And the longevity of Barovier&Toso is emblematic of this.

Since 1295, the year in which the Barovier family began its millenary adventure in the world of glasswork, the glass crafting tradition has never experienced an eclipse in the inventiveness, the quest for excellence and creativity, of the twenty generations of masters, designers and entrepreneurs that have been responsible for writing its history. A tradition which, for Barovier&Toso is not a restraint but a starting point for proposing ideas, solutions and innovative and original projects that have made it possible to hand down the heritage of the founder's family through the centuries. Creativity synonymous with passion, but also as the enterprise's capital: an applied creativity that is measured with a technical yardstick and by a market that is increasingly extensive and multi-faceted, and which gets fulfilled by the individual and unique Barovier&Toso lighting solutions, destined not only to merely decorate rooms, but also to create emotions, to transmit positivity and to make living spaces truly unique.
