Flexibility of application is key

No matter the size of your outdoor space, be it large or small, you could be missing out on thousands of lost revenue by not making it a comfortable place for your customers to enjoy.

markilux

Large or small systems

Our range of shading systems can transform any outdoor area into a warm and sheltered space to fully optimise the potential of your business.

All of our shading systems are individually designed to fit seamlessly, trouble free and engineered to last a lifetime.

Modular Systems for universal applications

markilux pergola

The markilux awning system with slender posts and lateral guide tracks. A single unit can cover an area of up to 30 sqm*.

markilux frame system RS-2

The modular free-standing frame system for limitless diversity of individual design possibilities. There are almost no boundaries to your creativity.

Award-winning DesignAwnings:

markilux patio & balcony awnings

markilux awnings stand out with their special, timeless design. These modern but yet classic products will be a joy for you and your guests for years to come.

markilux conservatory awnings

markilux conservatory awnings can cover every canopy with minimum effort and maximum style. Intelligent technology and great taste included.

markilux vertical blinds

Reliable technology and top grade materials combined will bring a highly functional and sustainable asset to your facade.

markilux planet

Parasol and awning combined – a real eye-catcher that perfectly covers outdoor areas up to 18 sqm.

markilux syncra

The robust awning-system for one/two markilux folding-arm awnings or markilux pergola. The flex version with weight boxes is free-standing without the need for a concrete foundation. Covers areas up to 60 sqm*.

markilux side screen

Ideal, lateral protection against low-lying sun, light wind and inquisitive glances. Height up to 2,5 m, extension up to 4,5 m.

Accessories

markilux infrared heater

Feel the warmth in an instant and enjoy more of the evening outside.

markilux lighting

LED-lighting creates a striking atmosphere in the evenings.

flexible panorama window

The panorama window for vertical blinds keeps the warmth, protects against wind and weather and provides an unobstructed view.

intelligent controls

For more comfort: sun and wind sensor, hand-held remote control or via app for your smartphone or tablet.

markilux shadeplus

The additional vertical blind inside the front profile. Protects against low-lying sun and inquisitive glances. Excludes the sun during the day and keeps the warmth longer in the evening.

markilux awning covers

With the purchase of a markilux awning cover you choose a high-class, quality product „Made in Germany“. It has a decisive impact on the colour ambience under an awning.

For even greater enjoyment of the colour ambience provided by the shade of an awning, markilux offers an extensive collection of more than 250 fabrics made from innovative, high-tech polyester yarns sunvas and sunsilk.

Be inspired by our exclusive markilux collection.

markilux fabric printing

You can extend your business' marketing further with a customised markilux shading system printed with your brand. Our bespoke manufacturing process ensures that your markilux is built to your required specification and printed with your choice of branding; giving you the ability to extend your brand. Simply choose your desired frame, fabric and a design that you wish to have printed on it, and we take care of the rest.

markilux

We help you deliver an 'al fresco' experience to your customers through our range of innovative, market leading shading systems.
